# 3. Trackmania World Tour 2024 Competition Rules

## 3.1 Trackmania World Tour 2024 format

The Trackmania World Tour 2024 consists of three stages:

- Regular season
- Playoffs
- World Cup

## 3.2 Regular season

### 3.2.1 Definition

The Regular Season is made up of a series of Homologated Tournaments organized in person or online and around the world. Each Homologated Tournament awards points to Participants according to their final position in the Tournament. The points earned and accumulated feed into a Trackmania World Tour 2024 World Ranking, as further described in Section 3.2.7.

Homologated Tournaments award points to Participants according to the Homologated Category they have received (see the points distribution grid by Category in section 3.2.6).

The Homologated Category is awarded by UBISOFT and TOORNAMENT on the basis of a series of requirements, both organizational and sporting (see the document [Tournament Homologation Rules](#)).

### 3.2.2 Dates

The Regular Season runs from March 25th, 2024 to September 23rd, 2024. Homologated Tournaments are organized by Tournament Organizers between these two dates. Participants can earn World Ranking points by taking part in Homologated Tournaments between these two dates.

### 3.2.3 Access to the regular season

To access the Regular Season, the Participant must comply with the Rules, and in particular the Eligibility Rules set out in section 5 of the Rules.

### 3.2.4 Homologated Tournaments

Homologated Tournaments are Trackmania tournaments that have received a homologation to contribute to the Regular Season and award points to the Trackmania World Tour 2024 World Ranking.

### 3.2.5 Homologated Categories

The Homologated Category designates the importance of the Homologated Tournament and the level of points it will distribute to its Participants according to their final position in the tournament. There are three categories with several sub-categories:

- **Major Tournament :**  
Homologated Tournament distributing the highest number of points to its Participants. A maximum of 10 Major Tournaments are organized during the Regular Season. They are open to all participants, whatever their region.
  - **Regional Major Tournament :**  
Sub-category distributing the same number of points as Major Tournament but open only to Participants from a single Region and giving direct qualification to the World Cup stage to the winning Participant.
- **Grand Tournament :**  
Homologated Tournament distributing an average number of points to its Participants. A maximum of 15 Grand Tournaments are organized during the Regular Season. They are open to all Participants, whatever their region.
- **Challenger Tournament :**  
Homologated Tournament distributing a smaller number of points to its Participants. No limit of Challenger Tournaments are organized during the Regular Season. They are open to all Participants, whatever their region.

Homologated Tournaments must follow a number of common and sometimes distinct requirements to be homologated in one or other of the three categories, such as number of Participants, schedule etc. The full set of Homologation requirements and rules to be

followed by a Tournament Organizer is available in the document [Tournament Homologation Rules](#).

### 3.2.6 Points distribution table

No show at Cup Mod 1st round	1	1	1
No show at qualification or seeding stage	0	0	0

*\*A Regional Major Tournament sub-category awards the same number of points as the Grand Tournament category, plus a direct slot at the World Cup to its winner.*

### 3.2.7 Homologated tournament invitational slot limitation

A Tournament Organizer may decide to invite Participants based on its own requirements, without going through an online registration process open to all Participants. However, the number of Participants invited is limited to a maximum depending on the category of the Homologated tournament according to the rule set out in section 6.3.8 of the [Tournament Homologation Rules](#).

### 3.2.8 Homologated tournament invited Participant specific rule

An invited Participant does not earn any points when he ranks last in the first stage he plays in an Homologated Tournament.

Examples :

- *During a Homologated Tournament of 32 players, an invited Participant finishing at rank 25/32 doesn't earn point;*
- *A Participant invited directly to the top 16 of a 64 Participants Homologated Tournament doesn't earn point if he finishes at rank 13/16.*

### 3.2.9 World ranking

The World Ranking lists all Trackmania World Tour 2024 Participants who have won points in a Homologated Tournament during the Regular Season. Participants are ranked from the highest number of points to the lowest number of points won.

The calculation of a Participant's ranking is based on total points, taking into account:

- All points won by the Participant during participation in Homologated Tournaments of the Regular Season from Major Tournament, Grand Tournament categories and sub-categories;
- All points earned by the Participant for his or her 5 best performances in Homologated Tournaments of the Regular Season from Challenger Tournament category.
